

# CHERIMEL

COMMITTED TO SERVE  
CUSTOMERS WITH  
QUALITY CUSTOMIZED  
OUTPUT OF FAST,  
PRECISION SHEET METAL  
FABRICATED PRODUCTS  
USING OUR  
STATE-OF-THE-ART  
TECHNOLOGIES AND  
UNRIVALED  
CUSTOMER SERVICE.

## OUR CAPABILITIES

- CNC Fiber Laser Cutting
- CNC Turret Punching
- CNC Bending
- CNC Paper Bending
- CNC Shearing
- CNC Plasma / Oxygen
- CNC Roll Forming
- CNC Milling
- EDM Wirecut / EDM Sink
- Welding Assembly (MIG, MAG, TIG)
- Metal Assembly

## About CHERIMEL

*Founded in January 1994, Cherimel Philippines Inc. (CPI) has been specializing in metal stamping parts for automotive and motorcycle parts. In year 2009, the company started to invest on CNC machines for sheet metal fabrication.*

Using state of the art German and Japanese Machines our company produces equipment and server racks, metal enclosures, cable trays (solid or ventilated), steel office furniture (lockers, cabinets, shelves), steel doors, stainless cabinets, kitchen tables, stainless hoods, stainless trolleys, custom made cabinets.

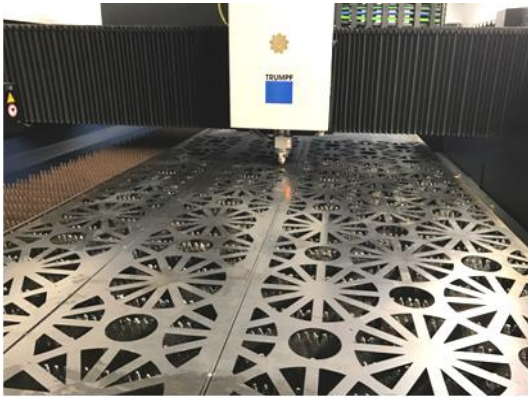

*We are dedicated in producing quality products and in providing the finest service to our clients.*

CPI is located in 269-A Cabatuhan Road, Deparo District. 168, Caloocan City. Philippines 1420. It occupies land area about 5000 sqm and has convenient transportation access through North Luzon Expressway.

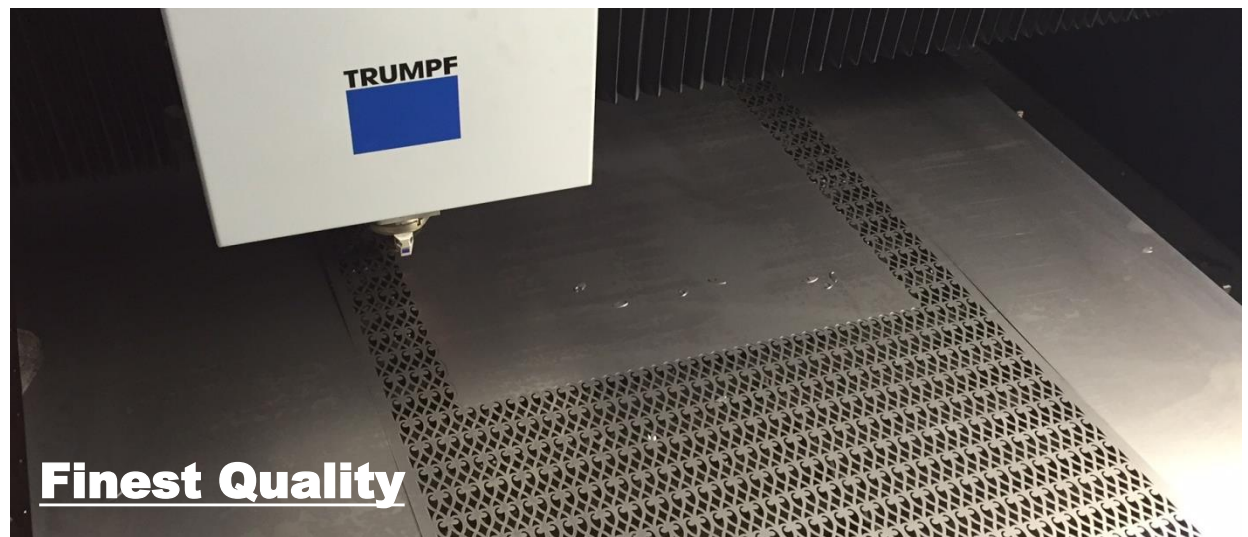

## Our CAPABILITIES

- **Sheet Metal Fabrication**
- **CNC Fiber Laser Cutting**  
(1500mm x 3000mm)
- **CNC Punching** (4' x 8' sheet)
- **CNC Bend Center**  
(3 mm Thickness MS x 3000 mm Length)
- **CNC Bending**  
(5 mm Thickness MS x 3200 mm Length)  
(2 mm Thickness MS x 4200 mm Length)
- **CNC Shearing**  
(6 mm Thickness MS x 3200 mm Length)
- **CNC Plasma / Oxyfuel**  
(2500mm x 6000mm)
- **Welding and Assembly**  
(Spot / MIG / TIG / MIG Robotic Welding)
- **Metal Stamping**
- **EDM Wirecut / EDM Sinker**

**On-Time Delivery**

**Finest Quality**

**Competitive Pricing**
