Foreword

**HELLO & WELCOME TO SAANJH!
WE ARE VERY EXCITED TO SHOW YOU OUR RANGE :)
JUST A FEW POINTS FOR YOU TO NOTE BEFORE YOU START...**

Supply Chain Management

As a response to the current global scenario, we have expanded our supply chain base of production to ensure undeterred supply to our customers.

Packaging 1

We consider packaging as a product - the merchandise display packing as well as freight. Thereby, we shall try to fulfil sustainable packing as per host country's requirements.

Packaging 2

We can provide individual/ornamental/display packing in addition to freight packaging of the products - as per customer's requirement .

Products

As most of our eco-friendly & sustainable range of products are handcrafted there might be a slight color and design variation which only makes each unit of the product unique!

Customized Christmas Gift Baskets!

Want to offer your patrons a medley of eco-friendly Christmas goodies wrapped up in a pretty bundle? We would love to put together some for you! Kindly contact us to discuss more.

THANK YOU

FAIR TRADE IS ALWAYS IN FASHION

At Saanjh, we strive to not only create utility based, eco-friendly products but also assist local artisans in achieving economic self-sufficiency. We wish to work on a zero-waste idea and hence most of our operations focus on bespoke goods. Owing to one of the largest local communities of craftsmen & artisans in India, we are able to serve a highly customized & innovative range of items. Please do let us know how you liked our products or if you have any other design/product in mind. We would love to discuss your exact requirements & create for you :)

"Dear Brothers & Sisters around the world,

These couple of years sure have not been good for humans. However, it has been an excellent time to exhibit humanity. At Saanjh, we have vowed to keep this spirit of humanity going... But we need your help. Let us together introduce a neo-normal Christmas to the World 2.0. Neo-normal Christmas means homes filled with goodness. It means gifts that give twice. It means improving the life of artisans around the globe. It means uniting for a better life...!! - Team Saanjh"
