

PRODUCTORA Y COMERCIALIZADORA AGRINUTS S.A.

Productora y Comercializadora AGRINUTS S.A. is the leading Company in the production of peanuts in Bolivia. This product of ancestral origin, bound to the uses and customs of the original cultures, was always present in the Bolivian diet, although its production was limited to small regions of the country.

Since 2010, AGRINUTS opened new markets, developed a technological package which increases the sustainable productivity, and consistently improved the quality of its product, thus placing Bolivia on the map as one of the producers and exporters of special peanuts.
