

AMRECO

AMAZONA RECYCLING COMPANY N.V.

Introducing

Amazona Recycling Company N.V. (AmReCo)

Caribbean's Trendsetting Recycling Company.

In Suriname, we provide companies, organizations, schools, individuals and households a wide variety of recycling services for PET bottles, plastic, cardboard and paper. Self-explanatory in accordance with the demand of the right quality of export product ready for shipment to different countries. Our processes stand guarantee for an optimal reclamation of base material etc. More often companies and organizations are discovering possibilities for superfluous rest material. This process of waste-disposal is therefore a source of product- and material recycling. By means of recycling as much as possible we deliver a great value to reduce waste product, to serve the environment and save a lot of energy and create sustainability for our future.

Recycling Awareness

- That 99% of all plastic items are made of crude oil.
- That a plastic bottle can last up to a period of 10 to 25 years in the environment before it is fully degraded.

News & Facts

Future plans of Amreco

- processing of glass & automobile tire;
- steaming off and chemically cleaning of recycle bins;
- production of ethanol out of sugarcane;

Recycling

The core activity of Amazona Recycling Company NV is: to make secondary raw material ready for recycling, and this for the 4 product groups, namely :

1. PET bottles
2. Plastic
3. Carton
4. Paper

For this process, Amreco has a machine park that is constantly undergoing changes by applying new and modern technology. Sorting, cutting, compressing, and manually shrinking in accordance to the measurement and quality in the agreement of the customer.

Well trained personnel stand guarantee for a well planned preparation for the export products. Amreco can also say that it has a good balance in the gender equality of work because most of the personnel working there are women.

PET bottles:

Plastic, carton and paper:

Products

The varieties of exportproducts that Amazona Recycling Company NV offers are:

- PET
- HDPE
- PLASTIC
- CARTON
- PAPER

PET

PET – Clear

- Post consumer
- Post industrial
- Pre consumer (alleen met ring van dop)
- Preform

PET – Blue

- Post consumer
- Post industrial
- Pre consumer (alleen met ring van dop)
- Preform

PET – Green

- Post consumer
- Post industrial
- Pre consumer (alleen met ring van dop)
- Preform

PET – Crystal clear Double Layer

- Post consumer
- Post industrial
- Pre consumer (alleen met ring van dop)
- Preform

HDPE

HDPE – Natural

- Post consumer
- Post industrial
- Pre consumer (alleen met ring van dop)

HDPE – Blue

- Post consumer
- Post industrial
- Pre consumer (alleen met ring van dop)
