COMPANY PROFILE

History

Established in the year two thousand and nine (2009), with the aim of competing in the national environment with low values in mass access products, the Group grew to be a supplier of the National State of the Argentine Republic, and through the links made the Group develop the expansion of its borders towards foreign markets, following the same guidelines and vision.

In this direction, in the year two thousand and eleven (2011) we have directed our expansion policy towards the establishment in the Countries where it is feasible, in order to generate opportunities to commercialize products of Associated Companies or to produce our products and lines locally, to Through the same, generate relevant local work activities, favoring the countries where we are.

Since 2017 and through the wide range of reception and activity of the Company, the corporate structure was modified, giving rise to Tarjeta 1991 Group S.A. in order to unite the detailed activities and sectors.

As a basis of the generation of activity and the opening established in the past, at the end of 2019, and as a consequence of the Company's work plans, the Tarjeta 1991 Export Exchange was born, where the main focus is on the international promotion of products and services, and which are massively communicated to the entire spectrum of public and private clients that the Group has.

Having the study for the year 2020, of the payments through exclusive electronic systems that Tarjeta 1991 Group S.A. will develop linked to the National and International Commercial Banks.

Through the continuous passage of time, the Group has diversified its clients from the private and public sectors, complying with the demands of both sectors, in turn, through the Associate Specialists has developed a wide range of services and short times of response to the requirements that favor growth, competition and objectives that were stipulated and applied from the origin and birth of the same.
