# ROSE KNITWEAR FACTORY

The factory of knitted clothes “Rosa” has been considering one of the leading productions of Ukraine for more than 90 years. A wide range of products, several ways to make a purchase (retail and wholesale), quality sewing of knitted goods, and a convenient location of the factory (Kiev, Ukraine) are the main advantages of Rosa.

## VARIETY OF PRODUCTS

The specifics of the work of the factory are based on the manufacture of knitted fabrics of high quality fabrics, artificial fur, as well as the sale of finished high quality women's, men's and children's clothes.

In the catalog of the goods on the site of the Ukrainian manufacturer you will be able to choose the finished product variants:

- Contemporary Clothing for Girls
- Qualitative products for newborns
- Comfortable things for pregnant women
- Ukrainian goods for men
- Children's sewing products

## Faux Fur Production

The Rosa factory is one of the leading enterprises of Ukraine that manufactures artificial fur (eco-fur) on a knitted fabric. The knitwear factory has been producing high quality products for more than 30 years. This will allow you to buy natural and woolen fur, the characteristics of which comply with world standards.

### **BENEFITS OF THE ROSA KNITWEAR FACTORY**

The main feature of production is a wide variety of fur models. The online store will allow every customer to buy a long or short fur coat with a certain size according to individual requirements at a low cost. Natural (woolen) and artificial fur are represented in a wide color range, having different densities, pile height and design.

- Wool – natural fur of sheep wool, used for sewing shoes, bedding, as well as valuable fur-felted mouton, for the production of clothing and children's products.
- Toy – high quality eco-fur used for children's toys and souvenirs.
- Jacquard – lightweight decorative fur for sewing rugs, upholstered furniture, children's outerwear.
- Fur – fur coat is used to tailor outerwear and clothing, which is more affordable than the price of natural fur products.
- Underlayer – Used to sew substrates in clothing and shoes for greater comfort and convenience.
- Collar – Designed for making uniforms, fur hats and collars.
