FRESH AVOCADO

FUERTE

HASS

Most of our fresh avocado are sourced across our East African farms from Tanzania and Kenya depending on the export market. However we select the best of the best and take the rest for oil processing.

Mainly we ship by Sea and Air only in bulky. Product Prices are fixed and shipping coats depend on the option of shipping and the destination.

AVOCADO OIL

1L

We produce cold pressed Extra virgin Avocado oil mainly for industrial or cosmetic consumption.

Since 2016 we have worked tirelessly to push avocado to another stage by adding value to it and we managed to use our own technology to start the oil business.

Currently we can serve maximumly 9000L of oil for external market since we also consume some of our oil we produce for our cosmetics.

The retail price of 1L of oil is \$12 and the cost goes lower when buying in bulky.

SANTAVO (SKIN CARE)

SANTAVO is the mane of our skin care product produced by blending different oils like avocado oil, olive oil, and other different locally obtained products. Like Rosemary extract, Honeybees wax mineral oil and other essential oils.

This product has proven to be friendly to all age category, male and female, black or white skins. It's the best blend that has both healing and restoring properties to the skin.

We produce in sizes of 250gm, 100gm and 50gm and pricing 250gm at \$2.5 as the retail price
