The long journey of experiences in Indonesia furniture manufacturer, made us strong in sustaining and steering our business. Our business grows positively and has been built through a good character which also the part of our business culture. Various product collections from outdoor furniture to indoor furniture, from qualified Indonesian teak wood, mahogany wood, mindi wood material and other materials. Customer satisfaction is our priority and our people will guide you to make it possible as well as preserving a long term business relationship. Hard work, worship, joy and creativity are the atmospheres of our business. Those will reflect on every single product we produce and service that we provide.

## Why buy furniture from us

Art Classic Indonesia Furniture is dedicated to providing our customers with the best service possible. We will always strive to make Art Classic Indonesia Furniture your first choice for the best products, superior customer service, and on time delivery. We enhance our service to provide our customer custom built furniture order with free estimation quote, easy buying experience for existing collections. We take pride in making our furniture with the quality you expect. We will customize and build whatever you wish to have made. The ART CLASSIC INTERNATIONAL collections of Minimalist Modern, Classical and Garden furniture are all made using many traditional techniques combine with modern techniques, then controlled with high standards. The most important thing is we kiln dried every wood before production, We used tenon mortise joinery in all joint, Wood-wood panel using tongue & groove or spline joint, Panel are floating panel, We used PU glue and Epoxy Glue, We double strength with L iron or Dove tail.

The use of Teak, result in a richness of finish to highlight natural grain and depth of color found in all high quality furniture. Complimenting the use of beautiful timbers are our fittings of bright and antique brass. A further enhancement is achieved by using quality beveled glass, where applicable. Then for garden furniture we used solid brass, some brass even custom made to made more stronger and provide better construction. Until today, we have exported our products to Australia, European countries, America, and Africa.

We welcome for any design of custom-made and made to order furniture for you at a competitive price. We maintain the heritage of quality and commit prompt delivery to achieve of our customer's satisfaction.
