

Svemek

Supplying quality

Company presentation
2018

Svemek at a glance

Founded in 1971 in Södertälje, Sweden
Moved production in 1997 to Skopje, Macedonia

Privately owned company	100%
Total employees	20
Total sales 2017	€800.000,00

Total working area	Indoor 6,000sqm Total 11,000sqm
--------------------	------------------------------------

- More than 25 year of export experience
- International references
- Excellent geographical location
- Competitive prices
- Prompt delivery
- Excellent quality and reputation

Main activities

Pneumatic and hydraulic machined parts by design

Turning
Milling
Drilling
Cutting
Grinding

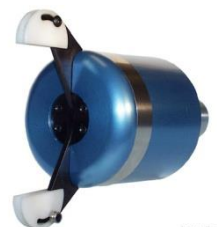

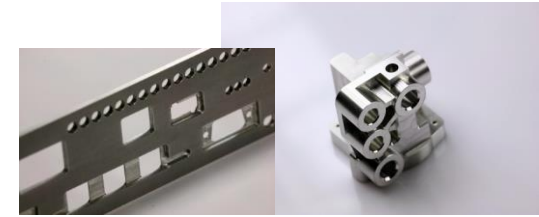

Minimum dimensions for
production 10 x 10mm

Maximum dimensions for
production 760 x 400mm

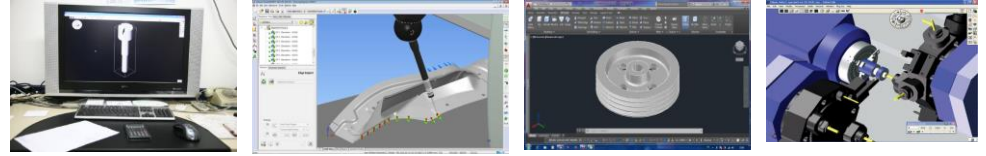

Cylinders, valves, housings, screws, implants, pistons, rods,
prototypes, gripex, pullex, holders etc.

Materials used for production

Aluminum, Steel, Stainless steel, Copper, Iron, Plastic,
Brass, specialized materials and others.

Software

GIBBS CAD/CAM

AutoCAD

DelCAM 2013 FeatureCAM and PowerMILL

Machine technology

53 Machines in total 20 CNC (7 axis, 5 axis, 2 axis)

Lathes, Milling, Drilling, Grinding machines
Okuma, Matsuura, Hermle, Maho, Mazak

Small to medium sized series
Capacity of approximately 200,000 parts a year

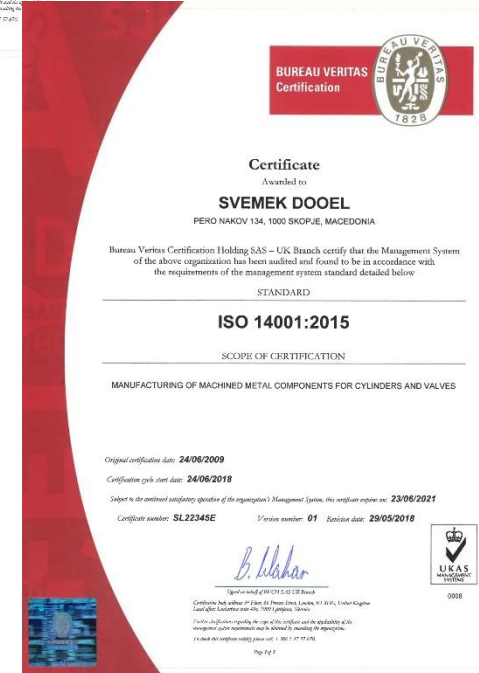

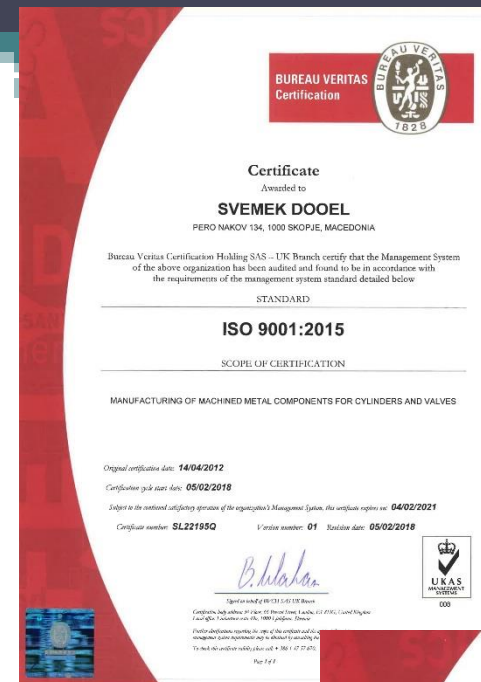

Production of 700 different machined parts in 2017
Free production capacity in 2017 35%

ISO Standards

Certified by Bureau VERITAS

- IATF 16949:2016
- ISO 9001:2015
- ISO 14001:2015

Export

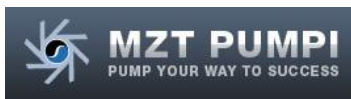

96% of production is exported mostly to the EU market
Germany, Hungary, Sweden and North America

Industries

Automotive, agricultural (machinery/equipment), commercial vehicles, packaging, pharmaceutical, printing (machinery/equipment)
