ABOUT THE **COMPANY**

Bellview Mining Equipment & Services Limited (BMES) is a 100% Female led company with more than 20 years of experience in the Mining sector.

Our selected international OEM partners have been supporting us with advanced technology and machinery, modern infrastructure, planning and skills transfer, we have embarked on local content initiatives and restructuring into providing value addition, sub-assemblies, testing and certification, aftersales services with local skills sets and training available on-site.

Bellview Mining Equipment and Services is also a 100% locally owned company in the Bellview Group of Companies, having its registered offices in Kitwe and a manufacturing workshop in the MFEZ, in Chambishi Copperbelt as well as an extension branch in Solwezi, North Western. The mainstay of BMES has always been to provide goods and services to the mine and mining services sector

MESSAGE FROM **THE CEO**

GINA MUTALE WILLIEY (Mrs.)
Chief Executive Officer

Bellview Mining Equipment & Services Limited (BMES) is a 100% locally owned and managed Zambian business incorporated in 1985. BMES is part of a group of companies called the Bellview Group comprising of several different businesses. Bellview group provides products and services to the mining, construction and agricultural industry.

Bellview Mining Equipment & Services Limited is specialized in the repair, service and supply of all leading makes and models of international OEM products and spare parts. BMES has distribution agreements with leading international manufacturers from the United States, United Kingdom, Canada, Australia, Asia, and South Africa. These include a wide array of Plant, Industrial and Motor Vehicle Equipment such as Pumps, Liners & Wear Components, Valves, HDP Pipes, Rubber Hoses/Lining, Lifting equipment, Underground consumables & Heavy Duty Equipment, Construction Equipment, Gearboxes, Electrical Motors, Protective Coating and After-Sales-Service.

Bellview Mining Equipment & Services Limited has a competent management team with a combined industry experience of over 43 years underlying the company's ability to manage and execute the project. The experience covers areas of business planning, decision-making, problem-solving, communication, delegation, and time management.

Our 1500m² Office, warehouse and workshop in the Chambishi Multi-Facility Economic Zone commences the journey for our 2023 program under value addition, sub-assemblies, local manufacturing, refurbishments, repairs, servicing, maintenance, testing, certification and training.

THE VISION,

Vision Statement & Motto

This is the aspiration of the promoters and shareholders of the company.

Vision Statement

To be the leading group of companies of choice for sub-Saharan customers in the solution-based supply and execution in the products each member offers.

What we do,
we do it well and morally

THE MISSION,

Mission Statement & Motto

This is the board's interpretation of the shareholders' vision into actionable strategy for establishing the necessary goals and objectives to be attained in satisfaction of the expectations of all stakeholders.

Mission Statement

To attain maximisation of shareholders' values and other stakeholders' expectations through industry trading and manufacturing of market-focused solution-based products using viable process expertise, technologies and ethics for customer requirements.

**The key to viability
is in capacity,
know-how and conduct**

CORE VALUES

1

Recognition and deployment of all relevant expertise, skills and participation of all stakeholders and employees in the attainment of organizational objective.

2

Reward performance through agreed feedback channels for a continued improvement and timely corrective measures.

3

Specific responses and fact-based solutions to customer's requirements. There is no One Solution fits all Problems

4

Fairness, integrity and ethics in the conduct of business with customers, suppliers, community and employees

5

Availability of resources – money, manpower and materials according to resource plans from responsible functional managers to ensure timely delivery of ordered products to customers.

6

In the furtherance of current business, the future is anticipated with strength of purpose and unwavering determination

7

Effective ethical digital marketing with links to all social media

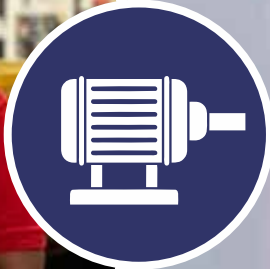

Why Choose Us

- We provide technical experts and local skills development programs to support your enterprise program and facilitate skills transfer and training.
- Our comprehensive after-sales services include a 24-hour call service and full package repairs, maintenance, and refurbishment support.
- BELLVIEW mining is accredited by the mine safety department for safety and statutory testing of equipment, ensuring that our products meet the highest safety standards.
- Our pump and lifting division offers exchange programs in our after-sales service, focusing on repairs and refurbishments to keep your equipment in top condition.
- Mine Safety Department (MSD) Accreditation as a Test Authority for Statutory Equipment for Proof load testing of all lifting machinery, servicing and repair of all types of cranes, manufacturing of slings, winding rope socketing, winding rope change, cut & testing and attachment changes.
- Bellview Lifting has partnered with SABS approved and ISO9001 approved vendors ensuring all equipment supplied is of highest safety standards.

WE ARE YOUR
ONE-STOP-SHOP FOR
UNDERGROUND
MINING EQUIPMENT AND SERVICES

UNDERGROUND MINING CONSUMABLES

Bellview's partnership with DrillCube, an innovative Australian-owned company sets a new benchmark in the global underground mining industry. We have created an underground contract service division with an executive team that has more than 100 years of experience in underground mining, leading by example with a strong track record of transparency and ethical practice across the supply chain. DrillCube has the ability to train and develop international workforces to a best practice standard.

Bellview specializes in underground development, namely; in the areas of Rapid development mining systems, principal hazard management, critical controls and all other facets of safety and development in the mechanized mining industry. We have operational consultants whose specialty lies in technology exchange and upskilling workforces from handheld mining to high-speed decline development.

Custom on-site and remote support solutions are provided across all mine services, products and consumables. Our product specialists and engineers work with your operation to optimize mine design, reduce cost per meter and improve productivity.

Drill Cube has previously trained workforces in Mali, China, Indonesia, Chile and Papua New Guinea and have achieved national and global records in these jurisdictions. A global approach to buying means our clients get the best price, no matter their location.

From definitive feasibility study (DFS) to development, our vertically integrated suite of supply, consign and maintenance services improve underground project economics, accelerate delivery, bring certainty to realization of sustainable production

YOUR HEAVY DUTY EQUIPMENT PARTNER.

UNDERGROUND MINING CONSUMABLES

We have been appointed by MacAllister CAT as partners regarding the supply of new, genuine Caterpillar spare parts to various end-users in Africa.

From Air Conditioning to Undercarriage, we have the parts you need to get the job done. Cat® parts are manufactured to precise specifications and are built for durability, reliability, productivity, less environmental impact, reuse and multiple lives.

CATERPILLAR®

UNDERGROUND MINING OPERATIONS

- Drilling and blasting
- support
- Cleaning
- Desludging
- Rail constantly
- Shotcreting

OUR TRAINING PROGRAMS

Our training programs begin on site.

Our Vision is to have a dedicated state-of-the-art training facility. We offer various programs to suite the client requirements such as;

- Lifting and Rigging Training
- Operator Training Vehicle & Machinery

PUMPS

Bellview Mining Equipment & Services Limited is capable and ready to receive all documentation relating to replacement pump parts, replacement pumps, and new pump installations.

In working closely with ICS Wear Group, where there is over 240 years of foundry, manufacturing, and installation experience. Dating back to 1992, ICS Wear Group has been working diligently with mining companies across the world to ensure that the ICS Mill Master Line of Pumps and all spare parts are 100% interchangeable with the world leading OEM, Warman®™.

EXAMPLES OF OUR PUMPS PARTS & SERVICES

Pump Volute

Pump Casings

Mill Liners

Parts Scanning

Outer Casings

PUMPS

CASTINGS

Bellview Group makes use of various production iron foundries in and around Johannesburg for all their casting needs. They have designed patterns required for each part in house with an advanced software program to ensure that parts are casted up to standard.

These patterns are maintained on a weekly basis by a dedicated on-site pattern maker to ensure constant quality. All castings are kept on record with material correspondence for traceability on each part.

NOTE: All pumps are provided with material and test certificates.

POLY-U-PARTS

We supply a complete pump range of Poly-U parts on all the impellers and liners.

These Poly-U Impellers and Liners are carefully calculated, machine dispensed into hardened steel machined moulds and hot cured to ensure each pour is exactly the same.

After all machining is done the frame is sent for Dynamic Balancing to ensure it runs within the required tolerances according to ISO standards.

We keep a full range of critical pump parts available ex-stock on our floor to ensure that we give a full spares back up.

These parts are fully interchangeable and up to specification.

All parts go through an extensive ISO Quality Control procedure to ensure all parts supplied are correct and according to your requirement.

RUBBER PARTS

Manufactured from top quality rubber which is used to produce these liners and impellers.

We keep stock to ensure it is available at your request.

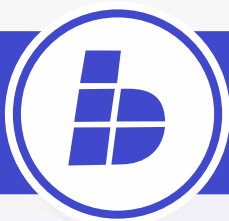

PERFORMANCE PARTS

Some of the pump parts have been improved to ensure that a longer lifespan is obtained once they are correctly fitted onto the pumps.

After testing in various applications, these parts have proven to outlast and outperform its predecessors.

BELLVIEW PUMPS & LINERS

BELLVIEW PUMPS

Bellview Pumps is a 100% Zambian owned and operated company offering slurry and clean water pumps, pump spare and parts for all pump brands.

Our pumps division offers a wide range of pump repair and maintenance services with our service engineers and technicians being available for both in house and in the field repairs, maintenance and rebuild.

BELLVIEW LINERS

Bellview together with ICS our Canadian based OEM can now offer our clients high quality products, designed and manufactured to suit their requirements which offers an approx. 30% savings on other OEM products.

Once we have our clients needs we will be able to arrange to keep stock at our warehouse facility which will reduce lead times.

Bellview and ICS offer the Mill Master line of Slurry and Sump Pumps to cater for all your pumping requirements.

LIFTS

NEW PRODUCT

Bellview Group, through the vast experience and support from the lifting experts are proud to introduce the CE certified Bellview Chain Block. We are gratified to promote the value addition in the manufacturing sector through sub assemblies and proof load testing with the support of selected OEM partners uplifting the locals through skills transfer.

Bellview Group has partnered with SABS approved and ISO 9001 approved vendors ensuring all equipment supplied is of high quality and durability. Our Lifting Division is able to manufacture slings locally from the workshop, test them and certify them safe for use.

We also have a mobile test rig that can move to any location which is able to stress test chain blocks, slings, lever hoists and other lifting equipment. (Maximum pressure 10 tonnes). With MSD and Department of Labor accreditation and approved as a testing authority.

We provide 24hrs on call service assistance for repairs, installations, maintenance.

- Chain Products
- Rope Fittings
- Steel Wire Products
- Lifting Accessories
- Mobile Test Rig
- Lifting Equipment
- Operations Supply

Customised Chain Slings can be made according to Clients Specifications. Bellview Lift Division is able to locally manufacture slings in the workshop, test them and certify them for safe use.

LIFTS
