“Delivering Globally!”

**Shipping | Distributors | Brokers |
Consolidators|Clearing|Transporters**

CORPORATE PROFILE

OUR MISSION STATEMENT

Established in June 2015, our aim is to consistently provide an efficient quality service throughout our organization meeting all the Consolidation and distribution needs of our clients.

WHO IS AFRICAR LOGISTICS LIMITED?

- ❖ ALL is a homegrown regional company, providing services throughout East Africa and the Great Lakes regions (Kenya, Tanzania, Uganda, Southern Sudan and Rwanda).
- ❖ ALL has a worldwide network of leading international freight, Shipping & Supply Chain logistics partners
- ❖ Blending our local experience and our global network, we use our modern infrastructure and facilities to provide our customers with unique solutions to all their logistic needs within the Region.
- ❖ As an independent company, ALL has the flexibility and freedom to choose from a number of international forwarders in any particular place, ensuring our customers always receive the best service from our global networks.
- ❖ We simplify doing business in East Africa by providing good advice, and accurate information and offering practical logistical services tailored to meet each customer's specific needs. Our main investment is in the electronic ICT qualified staff who make communication and documentation a touch-of-a-button exercise.

MAIN OBJECTIVES AS AN AUTHORIZED CUSTOMS BROKER:

Duty rates, customs clearance, and entry processes differ from country to country. Tariff classifications, value declaration, and duty management can create confusion and increase costs. Customs and security initiatives have imposed new regulations on companies that make it more challenging than ever to trade internationally.

With over 10 years of customs brokerage experience and a dedicated staff, Africar Logistics can provide you with the best local coverage and reliable, consistent service. In Nairobi alone, we process over **2,500 entries** annually with undisputed calculations.

We're ahead of the curve on the latest customs programs - such as remote filing services and entry reconciliation - to help you keep your business on the leading edge. In fact, we continuously work to impact trade policy through active participation in industry seminars, workshops and associations.

If you're looking for a trusted source to manage your customs brokerage, consider this:

- ❖ **Personal and influential representation** minimizes the number of brokers you need and simplifies your customs processing. A single agent with zero networks means zero solutions for disputes and increases errors of clearance.
- ❖ Customer service is **available 24 hours** a day, seven days a week with all our senior management teams.
- ❖ Our focus on **compliance management** helps to reduce cargo delays and costs associated with non-compliance to customs regulations.
- ❖ Our **online customer service** programs enable online visibility to entry, delivery, status updates and billing details, and offer flexible reporting capabilities.
- ❖ **Flexible Document processing** solutions help minimize data entry errors which can impede your shipment's progress.
- ❖ Implementation procedures for new customers include the development of an **import process** to maximize your chances of being categorized as "**low risk**" and further minimize costs.
- ❖ Our **document imaging** provides easy archiving and retrieval of important customs brokerage documents and minimizes the need for physical storage space. That's why we have a department called DPU (**Document Processing Unit**)
- ❖ **Standardized entry processing** and customer service can increase compliance, consistency, quality, and ease of doing business.
- ❖ Our comprehensive freight services provide **coverage on all clearance borders** and nationally in air and seaport locations.

- ❖ As a market Achiever, we maintain industry best practice standards throughout the clearance process.

When you consistently meet your schedules and promises, you enhance your customer perception and gain a competitive advantage. Our customs brokerage experts produce compliant entries time after time, moving your shipments through customs efficiently and minimizing delays.

OUR SERVICES

Currently, we provide specialized services in the following services:

- ❖ Customs Clearing & Forwarding
- ❖ Transport Services
- ❖ Transit cargo processing
- ❖ Shipping & Consolidators
- ❖ Distribution agents for high-risk cargo
- ❖ Brokerage & commission agents
- ❖ Tax consultants
- ❖ International Trading and Market Research.

OUR STRENGTHS

- ❖ Our greatest strength is the quality, dedication and commitment of our team.
- ❖ Uniformly high standards of service throughout East Africa
- ❖ Personalized customer services
- ❖ High-quality Global Network of Leading International Forwarders.
- ❖ Practical understanding of local possibilities, limitations and regulations within East Africa
- ❖ Excellent connections with all the major carriers operating within the region.
- ❖ Diverse range of services to cover all the logistic requirements for our customer

ALL provides rapid product movement that gives businesses the flexibility to adapt to changing requirements or move sensitive or valuable goods and documents quickly. Standard overnight air services are supported by same-day clearance and delivery for time-critical products.

Interregional services

Interregional Services Include:

- Cross-border shipment bookings
- Air-road freight solutions
- Interregional Transit movement
- Central Warehousing and distribution
- Customs formalities and procedures, differences and advice on
- Business set-up, advice on
- Cross Border interoffice Stock Movements
- PTA registration (& duty tax benefits)
- Procurement and product marketing, vehicle sourcing and trading

With a competitive market full of all kinds of Agencies providing the same service, **AFRICAR LOGISTICS LIMITED** has come up with innovative solutions that basically separate our service delivery from the rest. We ensure fast facilitation of processes with the goal of achieving our target. We focus much on proper documentation and timely deliveries.
