# About Us

Welcome to Mupapa Wood, a family-run business where we craft pieces from Teak, Mukwa, and Rosewood. These species of timber are known for their durability, stunning grain patterns, and rich colour, making them the perfect choice for creating functional and beautiful pieces. Founded with a vision of combining the richness of wood with timeless design, Mupapa Wood has grown into a premier wood manufacturing company. Our journey began with a deep appreciation for the unique character of wood, and that appreciation continues to shape every piece we create. Our team of skilled carpenters bring together a wealth of experience and expertise in woodworking.
