

Medium size welding fabricator

- Region: Ukraine and Romania
- Group: 12 factories with 20+ years on market
- Exports: 100% to EU and USA
- Key customers: OEM in EU
- No employees: 420
- Factory size: 24,000 sq. m.

Location 1

Production site in
Ukraine, Uzhhorod

Location 2

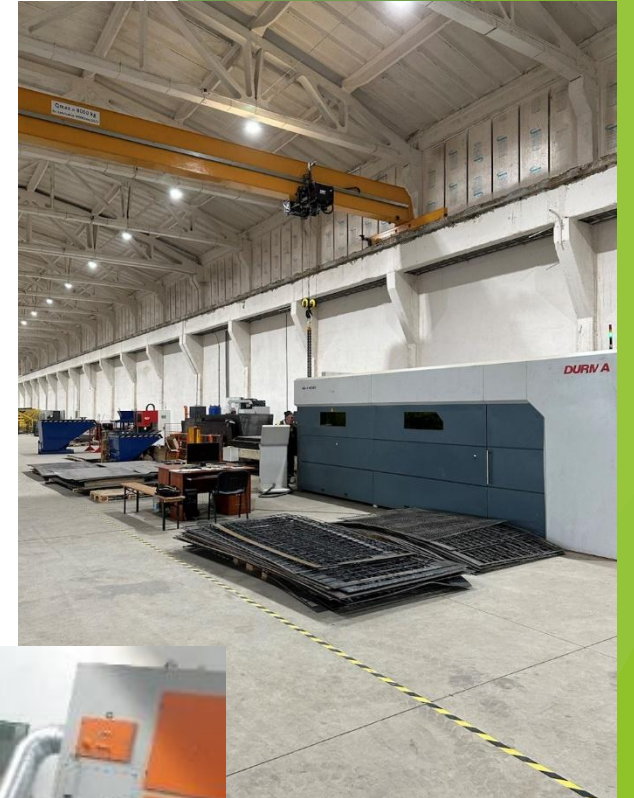

Production site in
Romania, Targu-Jiu

Manufacturing capabilities

Laser cutting TRUMF:

- Trumatic L4050, 4.5kW, 3600x1800mm, max 40mm steel thickness
- TruLaser 3040, 3.8kW, 3000x1500mm, max 30mm steel thickness
- TruLaser 3030, 3.2kW, 3000x1500mm, max 20mm steel thickness

Plasma cutting

Manufacturing capabilities

Press brake DURMA:

- HAP 40200, Bending force 200t, Bending length 4050mm
- AD-S 40220, Bending force 220t, Bending length 4050mm
- AD-R 2060, Bending force 135t, Bending length 3050mm

Manufacturing capabilities

Machine tools:

- Vertical milling GENOS M560-V-e, max. 1050x460x560mm
- Vertically milling HAAS VF2, max. 762x406x508mm
- Lathe HAAS ST20, diameter 329mm, length 533mm
- Boring 2204BMF4 CNC and ASI, table movement 500 x 500; workpiece weight 300 kg, spindle speed 40-2500, max 5000 rpm

Manufacturing capabilities

Welding equipment:

- Semi-automatic MIG/MAG machines up to 500A,
- TIG semi-automatic machines

Manufacturing capabilities

Band saw:

- H-260HB, Double-column type Everising H series, max. diameter of round workpiece - 260mm, rectangular workpiece - 310x260mm
- BS225, Zenitech, max. diameter of round workpiece - 225 mm; rectangular workpiece - 245x180 mm

Hydraulic pipe bending machine HMT:

- CNC38TBRE, max. pipe diameter 38mm
- CNC65TBRE-P, max. pipe diameter 65mm

Manufacturing capabilities

Automatic powder painting line

Quality certifications

OEM Customers

Agricultural machines

Mining equipment

Construction and maintenance equipment

Forestry and energy equipment

Examples of custom-made products

Floor Mounted Barriers

Floor Mounted Barriers provide reinforced protection that is mounted flush to the floor.

Pallet Rack Post Protectors

Pallet rack post protectors are designed to protect the rack uprights from being hit by forklift traffic, or pallets that are stored in the rack bays.

Rack Protectors

Rack protectors guard your pallet rack frames from dangerous and costly forklift impacts.

Warehouse Guard Rail

Heavy duty warehouse guard rail, safety barriers, and forklift guardrails are tested to withstand 10,000 lbs at 4 mph.

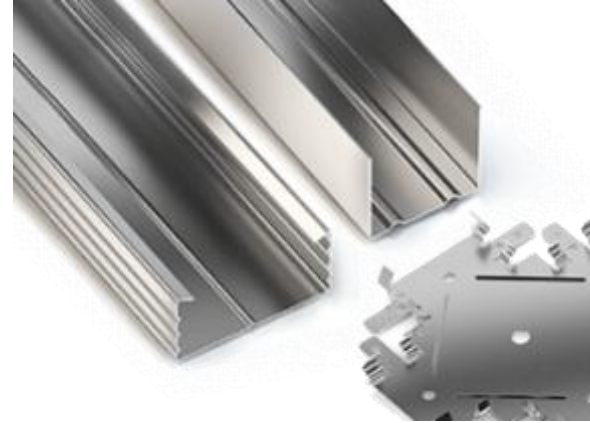

Other plants and products

Plant 1: Construction scaffolding and formwork | Steel parts for furniture

Other plants and products

Plant 2: Steel profiles for construction

Other plants and products

Plant 3: Storage racking | Workshop, storage and retail logistics equipment

The background features abstract, overlapping green geometric shapes, primarily triangles and polygons, in various shades of green, creating a modern and dynamic design. The shapes are layered, with some appearing more prominent than others, and they extend from the edges of the frame towards the center.

Thank you!
