WHO WE ARE

Chimi Group Co. Ltd. is a Tanzanian-based agricultural company dedicated to providing premium-quality, sustainably sourced produce to customers both locally and worldwide. Building on the success of Chimi Fresh Produce, we have established ourselves as a trusted provider of fruits, vegetables, cereals, and legumes. Our vertically integrated supply chain allows us to collaborate closely with certified farmers, ensuring that our products consistently meet international standards for taste, nutrition, and quality.

The background of the page is a light, neutral color. It features five wooden spoons arranged vertically, each filled with a different type of pulse. From top to bottom: the first spoon contains black beans; the second contains white kidney beans; the third contains green mung beans; the fourth contains white chickpeas; and the fifth contains red kidney beans. The text 'CEREALS AND PULSES' is centered over the middle of the image.

FRUITS & VEGETABLES

At Chimi Group, our fruits and vegetables are a testament to Tanzania's fertile soils and sustainable farming practices. We work closely with small-scale farmers to grow a variety of high quality products that meet the highest standards of taste and nutrition. From creamy Hass avocados to sweet pineapples, each product is carefully harvested and processed to preserve its natural freshness and flavor.

Our diverse selection of fruit and vegetables is ideal for local and international markets, supplying supermarkets, restaurants, manufactures and food processors. Whether fresh or processed, our products are perfectly packaged to ensure they arrive in perfect condition.
